## Strategic Planning –

Goals of the plan:

1. Build capacity of providers to address social determinants of health using protective factors.
2. Build recognition and partnership between GSFN and City of Glendale
3. Increase food insecurity of Glendale families

ECN Goal: To strengthen the connection and deepen the level of collaboration between Early Childhood providers and community food and statewide nutrition initiatives to leverage resources and reduce burden on community members.

Notes from the partners:

- Revise first goal to take our 3 questions and possibly take out protective factors?
- Second goal – make City of Glendale a priority for outreach position
- Change ECN goal to third goal
- Outreach to community food resources within faith based orgs
- Consider including culture and library resource connections
